NOTES

1. Facilities with multiple uses require additive flows. For example: A grocery store with a food service would utilize 200/1000 Sq Ft **PLUS** 50/Seat.
2. **For any development located within the Dickson Drive Sewer Improvement Area (See attached map) there is a \$375.00 cost recovery fee per ERU. This fee is IN ADDITION to the standard system wide tap fee. For any development OUTSIDE the city limits there is an ADDITIONAL 150% surcharge to these fees. This fee will be collected until all design, construction, land acquisition, etc. costs have been recouped.**
